

Pet Aftercare and Memorialisation

Your peace of mind

When it's time to farewell your beloved companion, our gentle and understanding team will be by your side offering care and support every step of the way.

Our IAOPCC-accredited cremation and memorial team will care for your beloved pet as if they were their own, treating them with the highest level of dignity, compassion and respect. This accreditation, earned through a comprehensive review of more than 400 operational standards, reflects our unwavering commitment to ethical practices, heartfelt care and excellence in everything we do.

To give you complete peace of mind, we use robust quality control systems with a unique QR identification code assigned to your pet. This ID code

tracks your pet's journey each step of the way, ensuring their ashes are safely returned to you or to the earth.

Our compassionate team is here to guide you through every decision, helping you choose the options that feel right for you and your pet. We understand this is a deeply personal time, and we're here to make the process as simple and comforting as possible.

By choosing AWL, you're not only honouring your pet's memory with love and care, you're also helping animals in need. Every dollar of profit from our Pet Aftercare services goes directly towards providing food, shelter and love to vulnerable animals, giving them the chance to experience the same love you gave your pet.

information**

Choose how to memorialise your pet with love

Saying goodbye to a cherished family member can be overwhelming, so we're here to gently support and guide you through honouring your beloved pet's life and memory.

Choose from several options to suit your personal preferences:

1. Individual cremation [page 4](#)

Your pet is respectfully cremated in their own individual chamber and their ashes returned to you in an urn or keepsake of your choice.

2. Communal cremation [page 4](#)

Your pet is respectfully cremated with other beloved pets and their ashes are returned to the earth.

3. Aftercare services [page 5](#)

Your choice of one of our additional services. You can book a home collection or spend some quiet, personal time with your beloved pet in a private room lovingly prepared by our team, giving you the chance to say goodbye in your own way.

4. Urns and keepsakes [pages 8 to 19](#)

Select from our range of memorial items and jewellery to personalise your pet's memory with an everlasting memento.

5. Equine and Livestock cremations [page 21](#)

AWL is the only facility in South Australia able to gently and respectfully cremate large animals and preserve their dignity every step of the way.

“The staff at AWL are wonderful. Losing my dog was one of the hardest things I've ever experienced, but the staff were so understanding and lovely throughout the whole process.”

Biodegradable Urns

Let your beloved pet become one with nature with our new range of 100% biodegradable urns. Release them in their favourite lake, beach or river, or create a natural memorial by planting a beautiful tree where their memory can live on through nature for years to come.

Ceremonial Urns

Carefully handcrafted from natural materials, our ceremonial urns are the ideal choice to give your pet a dignified goodbye while preserving our planet's delicate ecosystem.

Samsara Ceremonial Urn

100% biodegradable and made from sand and vegetable minerals, the Samsara is resistant in dry environments and dissolves in minutes when placed in water, making it perfect for both land and water burials.

S H160mm x W170mm

L H220mm x W227mm

Salium Ceremonial Urn

Made from natural water-soluble salt, the Salium urn is perfect for a water release in the ocean where it will dissolve in minutes to become one with the moving waters.

Bios Urn

Our Bios Urn, made from coconut shell and natural materials is a 100% biodegradable urn specifically designed to create a living memorial for your beloved pet. Their ashes are encased within the base of the urn, while the top section provides a space for planting new seedlings at your own discretion.

The urn can then be buried in your pet's favourite place in the garden or a garden pot. As the seedlings grow, your pet's memory will live on through this natural memorial for years to come.

For your peace of mind

Why use AWL?

When it's time to say goodbye to your beloved pet, we guarantee you'll receive a compassionate and swift service based here in South Australia. Choosing AWL to farewell your pet provides food, shelter, love and support to the thousands of animals in need that come through our doors each year, ensuring they get to experience the same love you gave your pet.

Will it be my pet's ashes coming back to me?

Yes. With more than 40 years experience, AWL understands the importance of responsible, transparent business practices. Our single chamber cremation units are unique in South Australia and they are suitable for animals of all sizes, including horses. Our proven systems identify your pet and track each step of their journey with us. This guarantees that only your pet's ashes will come home to you.

What does your IAOPCC accreditation mean?

AWL is the only crematorium in South Australia accredited by the International Association of Pet Cemeteries and Crematoriums. Our accreditation guarantees that AWL's standards and processes meet and exceed international standards of care.

You can trust that we'll treat your pet with the dignity, care and respect that they deserve.

“AWL looked after my beloved cat so well - they were so compassionate from beginning to end.” - Tessa G

TreesForLife

AWL partners with Trees for Life

AWL has proudly partnered with Trees For Life to offer a heartfelt way to honour your beloved pet while helping protect South Australia's natural environment. When you choose one of our pre-set packages, a native seedling will be planted in your pet's honour; a Gift of Tree that will grow into a living tribute and preserve the memory of your beloved pet for generations to come.

Each tree helps restore vital habitat for native wildlife and strengthens the landscapes we all share, while also supporting AWL's work to care for thousands of animals in need - giving them the safety, shelter and love they deserve.

It's a lasting and meaningful way to celebrate the life of your cherished companion, one that nurtures new life and leaves a legacy of love to animals in need.

What items can be cremated with my pet

We will always do our best to accommodate your requests whenever possible, however not all items can be cremated. We can include items that are made from natural materials such as cotton/woollen blankets, their favourite woollen jacket, a collar, letters, flowers and food. Unfortunately, we are unable to cremate synthetic, plastic or rubber materials.

Payment methods

We accept Visa, Mastercard, VetPay, ZipPay and AfterPay (in store only)

100% of the profits from our pet cremation service goes towards saving the lives of vulnerable animals.

Choosing AWL to farewell your pet provides food, shelter, love and support to the thousands of animals in need that come through our doors each year, ensuring they get to experience the same love you gave your pet.
